License for the Wisconsin Architecture Research Tool Set (WARTS)
(Revision 3)

This document is the research license agreement for the Wisconsin Architecture Research Tool Set (WARTS).

Wisconsin Architectural Research Tool Set (WARTS) is a collection of tools for profiling and tracing programs and analyzing program traces. WARTS currently contains: QPT, a program profiler and tracing system; CPROF, a cache performance profiler; Tycho and dineroIII, cache simulators; EEL, a library for editing executables; and QPT2, a new implementation of QPT. Other programs may be added to WARTS without notice. These programs are also covered by this license.

The distribution fee for WARTS is a donation of $1000.00 (US) for each site. The fee is waived for universities.

WARTS is distributed in Unix ‘‘tar’’ format. Please indicate the preferred form for the distribution:

— 1/4" tape cartridge (only for paying customers)
— electronic (ftp) distribution

The distribution should be sent to:

Name: _____
Organization: _____

LICENSING AGREEMENT (Research License)

Wisconsin Architectural Research Tool Set (WARTS) is a collection of tools for profiling and tracing programs and analyzing program traces. WARTS currently contains: QPT, a program profiler and tracing system; CPROF, a cache performance profiler; Tycho and dineroIII, cache simulators; EEL, a library for editing executables; and QPT2, a new implementation of QPT. Other programs may be added to WARTS without notice. These programs are also covered by this license.

Mark D. Hill, James R. Larus, and David A. Wood (LICENSOR), as sole holder of proprietary rights to WARTS, grants to the LICENSEE a perpetual, non-exclusive, non-assignable, personal license to use the proprietary WARTS software, subject to the conditions set forth below.

1. **Software:** After execution of this agreement, and after receipt of the license fee, LICENSOR will furnish to LICENSEE source code for WARTS (written in C, C++, Awk, Make, and C-shell languages) and available technical support documentation. Machine readable material will be furnished by ftp access or on a 1/4" magnetic tape cartridge written in the tar format of Berkeley UNIX, at the discression of the LICENSOR.

2.1 **Restricted License:** Use of WARTS, or any part thereof, or any software derived in whole or in part therefrom, is restricted to use by LICENSEE only, and may not include the following uses without prior written agreement of LICENSOR: (1) use of WARTS sold as a service.

2.2 LICENSEE is authorized to use WARTS on all computers at the separate geographic locations itemized in paragraph 14 below (the SITES) and at no other locations. The SITES must include all locations from which remote (telephone or network) access will be made.

2.3 LICENSEE may not copy WARTS, or any part thereof in any form, except for backup or archiving purposes, and for the purpose of distribution of it to computers at the given SITES. LICENSEE agrees not to remove or destroy any proprietary markings or confidential legends placed upon or contained within WARTS and any related materials.

2.4 LICENSEE may not sell, rent, sublicense, or otherwise distribute in any manner whatsoever WARTS, or any part thereof, or any software derived in whole or in part therefrom, without the prior written approval of LICENSOR.

2.5 EEL and QPT have been licensed by Mercury Interactive for use in products. This agreement does not affect uses of EEL that fall under the WARTS license. However, Mercury's license precludes some uses of EEL in commercial products. If you have any questions about this issue, contact me.

3. **License Fee:** The distribution fee is a donation of $1000.00 (US) for each site itemized in paragraph 14 below. The fee is waived for universities.

4. **Title:** The agreement grants LICENSEE no title or right of ownership in WARTS, and no property rights in any copyrighted materials delivered hereunder.

5. **Non-Disclosure:** LICENSEE agrees to receive and keep WARTS in confidence and not to disclose it to any third party without the express written consent of LICENSOR, and to protect WARTS with at least the same degree of care as LICENSEE uses to protect its own proprietary or confidential information.

6. **Proper Credit and Recognition:** Appropriate credit consists of including in any documentation and publications about research that involves WARTS the following

statement: ‘‘This study made use of the Wisconsin Architecture Research Tool Set (WARTS) developed at the University of Wisconsin-Madison’’.

7. **Disclaimer of Warranty:** LICENSOR provides WARTS on an ‘‘**as is**’’ basis, and does not warrant its validity or performance. LICENSOR reserves the right to update, modify, or discontinue this software at any time. LICENSOR shall have no obligation to supply such updates or modifications or any other form of support to LICENSEE. **All warranties, including without limitation, any warranty of merchantability or fitness for a particular purpose, are hereby excluded.**
8. **Lack of Maintenance Services:** LICENSEE understands and agrees that LICENSOR (or any other person or entity with proprietary rights in the software licensed hereunder) is under no obligation to provide either maintenance services, update services, notices of latent defects, or correction of defects for WARTS.
9. **Limitation of Liability, Indemnification:** Even if advised of the possibility of such damages, under no circumstances shall LICENSOR (or any other person or entity with proprietary rights in the software licensed hereunder) be liable to LICENSEE or any third party for direct, indirect, or consequential damages of any character regardless of type of action, including, without limitation, loss of profits, loss of use, loss of good will, or computer failure or malfunction. LICENSEE agrees to indemnify LICENSOR (and any other person or entity with proprietary rights in the software licensed hereunder) for any and all liability it may incur to third parties resulting from LICENSEE’s use of WARTS.
10. **Termination:** LICENSOR may terminate this agreement upon 30 days notice if WARTS becomes subject to any claim of infringement of patent, copyright, or trade secret, or if in the LICENSOR’s opinion such a claim is likely to occur. Either party may terminate this agreement at any time upon notice to the other party if the other party breaches a material provision of this Agreement. Upon any termination of this Agreement, LICENSEE shall immediately cease using WARTS, return to LICENSOR all copies of WARTS, purge all backup and archive sites of all copies of WARTS, and certify in writing to LICENSOR that it has destroyed all copies. LICENSEE’s obligations of confidentiality shall survive termination of this agreement.
11. **Notices:** All notices required or permitted under this Agreement shall be sent via certified mail to the address set forth below or such other address as each party may specify in writing to the other. Notices shall be effective upon the third business day after mailing.
12. **Wisconsin Law:** This agreement is deemed to be made under, and shall be governed by, the laws of the State of Wisconsin. Both parties consent to jurisdiction in the State of Wisconsin.
13. **Entire Agreement:** This Agreement represents the complete and exclusive statement of the agreements between the parties relating to the licensing of WARTS, and supercedes all prior agreements and representations between them relating to such licensing. This Agreement may not be modified except with the written approval of of the LICENSOR.
14. **Definition of Sites:** The separate geographical locations referred to as SITES are listed below:

    1. _____

    2. _____

3._____

15. **Mailing Addresses:** A signed copy of the license, together with a check for the license fee made out to "Computer Sciences Fund — UW Foundation" shall be mailed by LICENSEE to LICENSOR at the following address:
